

V. Paypal Fees from the order will be charged for any returned items.
A \$10 Re-stock fee will be charged for any returned items.

Guidelines for Returning Products

To return a product, it must be in the original condition in which you received it:

a) Clean Labels

No scuff marks, smears, tears, smudges, water damage, ink marks, etc. Shrink wrap must be intact.

b) Storage

Products must have been stored at room temperature (not in a hot place such as a car) or near a microwave oven.

c) Adequate Wrapping

Products must be carefully wrapped in their original plastic wrapping or other clean, protective wrapping. Do not put products loose into a box (to avoid bottles hitting each other during travel).

d) 30-Day Return

You must call within 40 days of your Invoice date to receive a Return Authorization Number (RAN). Returns cannot be accepted after 30 days. (See Sections above for details.)

e) Labelling the Package Correctly

Type or print clearly and neatly on the package. Packages are to be returned to: Healthline (use address at the bottom of this page).

Please type or print neatly your return address on the outside of the box.

f) Mailing Service

Products must be returned by **UPS only** (not by U.S. Postal Service or Federal Express).

Our 100% Product Warranty

Full Replacements For Defective Products

Here at HealthLine, our sincere commitment is to provide you with the very best quality products at the very best price. We offer a 100% replacement product warranty. This means that if you receive a nutritional product that is defective due to our fault, such as a leaking bottle or a bottle with missing top, we are happy to replace the product for you at no charge. We stand behind our products 100% and we want you to have only the very best. We make thousands of bottles of premier nutritional products every day without any errors, but occasionally we do slip up.

We offer a Conditional 30-Day Money-Back Guarantee

We do NOT offer an unconditional 30-day money-back guarantee. This means that if the product arrives to you in good condition, you may not return it within 30 days for any reason. Please read our terms and conditions.

Premier Quality At Fair Prices

We are committed to providing the very best products at the very best price. We are the rare company that truly uses premier ingredients in our products—and still provide them at very affordable prices. We do not have the huge markup of other nutrition companies that work on sheer volume selling nutritional products of inferior quality while claiming to have the finest ingredients.

A good example is tablets vs. vegetable capsules. It costs 4 times more to use vegetable capsules than tablets. However, vegetable capsules are superior for your health: they are well absorbed regardless of food temperature and they don't contain toxic preservatives. On the other hand, tablets are very temperature-sensitive and are "famous" for ending up in the toilet completely intact (no breakdown). That's why we never use tablets or animal gelatin capsules which contain toxic preservatives.

Product Results

The body's healing process is complex, subject to many factors. Although most people receive great benefits, results vary. None of our products can be guaranteed to achieve specific health benefits.

Nutrition That Really Works™

We think you'll love the quality of our products.

Thousands tell us they are so happy to finally
find a company they can trust with

"nutrition that really works"™.
